

Melton East PSP Vision and Purpose Information Sheet

1. Introduction to PSP 2.0

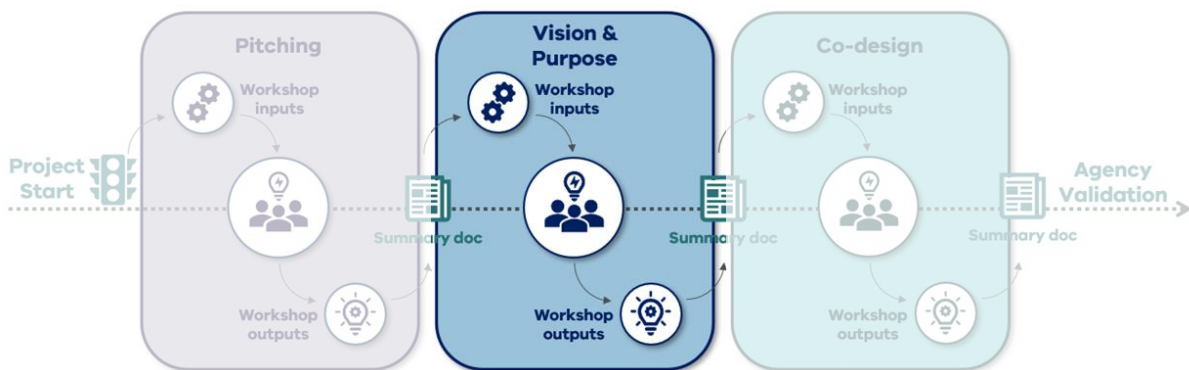

The PSP 2.0 process involves co-designing the PSP with key stakeholders through a series of structured workshops (pictured below). These workshops include:

- Pitching sessions (completed)
- Vision & Purpose Workshop (Monday 27 June 2022)
- Co-design (late 2022)

Each stage of the PSP process works to gradually develop a draft PSP that is taken through agency validation, and on to public exhibition. Throughout the process, a series of summary documents will be produced and distributed to all stakeholders. The summary documents provide a record of the work that was completed and provides the foundations for the next stage of the PSP.

While it may not be possible to resolve every issue through the workshop process, it provides stakeholders with a shared understanding of the project objectives and a clear line of sight regarding how decisions have been made.

Additional details on PSP 2.0 and the different workshop priorities can be found in this document: [Victorian Planning Authority – Guidance Note – PSP2.0 – November 2021 \(PDF\)](#).

2. Vision and Purpose Workshop

The Vision and Purpose workshop is the second workshop in the PSP 2.0 process. It seeks to establish an overarching vision for the precinct, its purpose and place, and any important opportunities stakeholders would like to particularly focus on. All stakeholders will be invited to the Vision and Purpose workshop, including landowners and government agency representatives. Workshop activities will be designed for collaborative discussion and will look to achieve the following objectives:

- Validate key issues to be resolved through the planning process based on the four themes identified through the Pitching Session Summary Document.
- Establish an agreed vision and purpose for the Melton East PSP.
- Gain consensus or establish points of disagreement among stakeholders to avoid re-prosecution of issues later in the process.

3. How to Prepare for Vision and Purpose

Landowners and Developers

Pre-reading of the Pitching Session Summary Document is recommended to get the most out of this session. However, a quick update and run through of the key points from the document will be provided at the start of the session.

Other documents to familiarise yourself with before the workshop may include:

- PSP Guidelines: <https://vpa-web.s3.amazonaws.com/wp-content/uploads/2022/04/VPA-Precinct-Structure-Planning-Guidelines-New-Communities-In-Victoria-October-2021.pdf>
- PSP 2.0 Practitioners Guidance note: <https://vpa-web.s3.amazonaws.com/wp-content/uploads/2021/11/Victorian-Planning-Authority-Guidance-Note-PSP2.0-November-2021.pdf>
- DELWP Melbourne Strategic Assessment – Biodiversity Conservation Strategy: https://www.msa.vic.gov.au/_data/assets/pdf_file/0032/64787/Biodiversity-Conservation-Strategy-Jun-2013.pdf

The VPA requests that your workplace on the day is in a suitable location for a 2-hour online workshop. The workshop will make use of the online engagement tool ‘Mural’ to facilitate discussion. Clear instructions on how to use this tool will be provided at the workshop.

Government Agencies

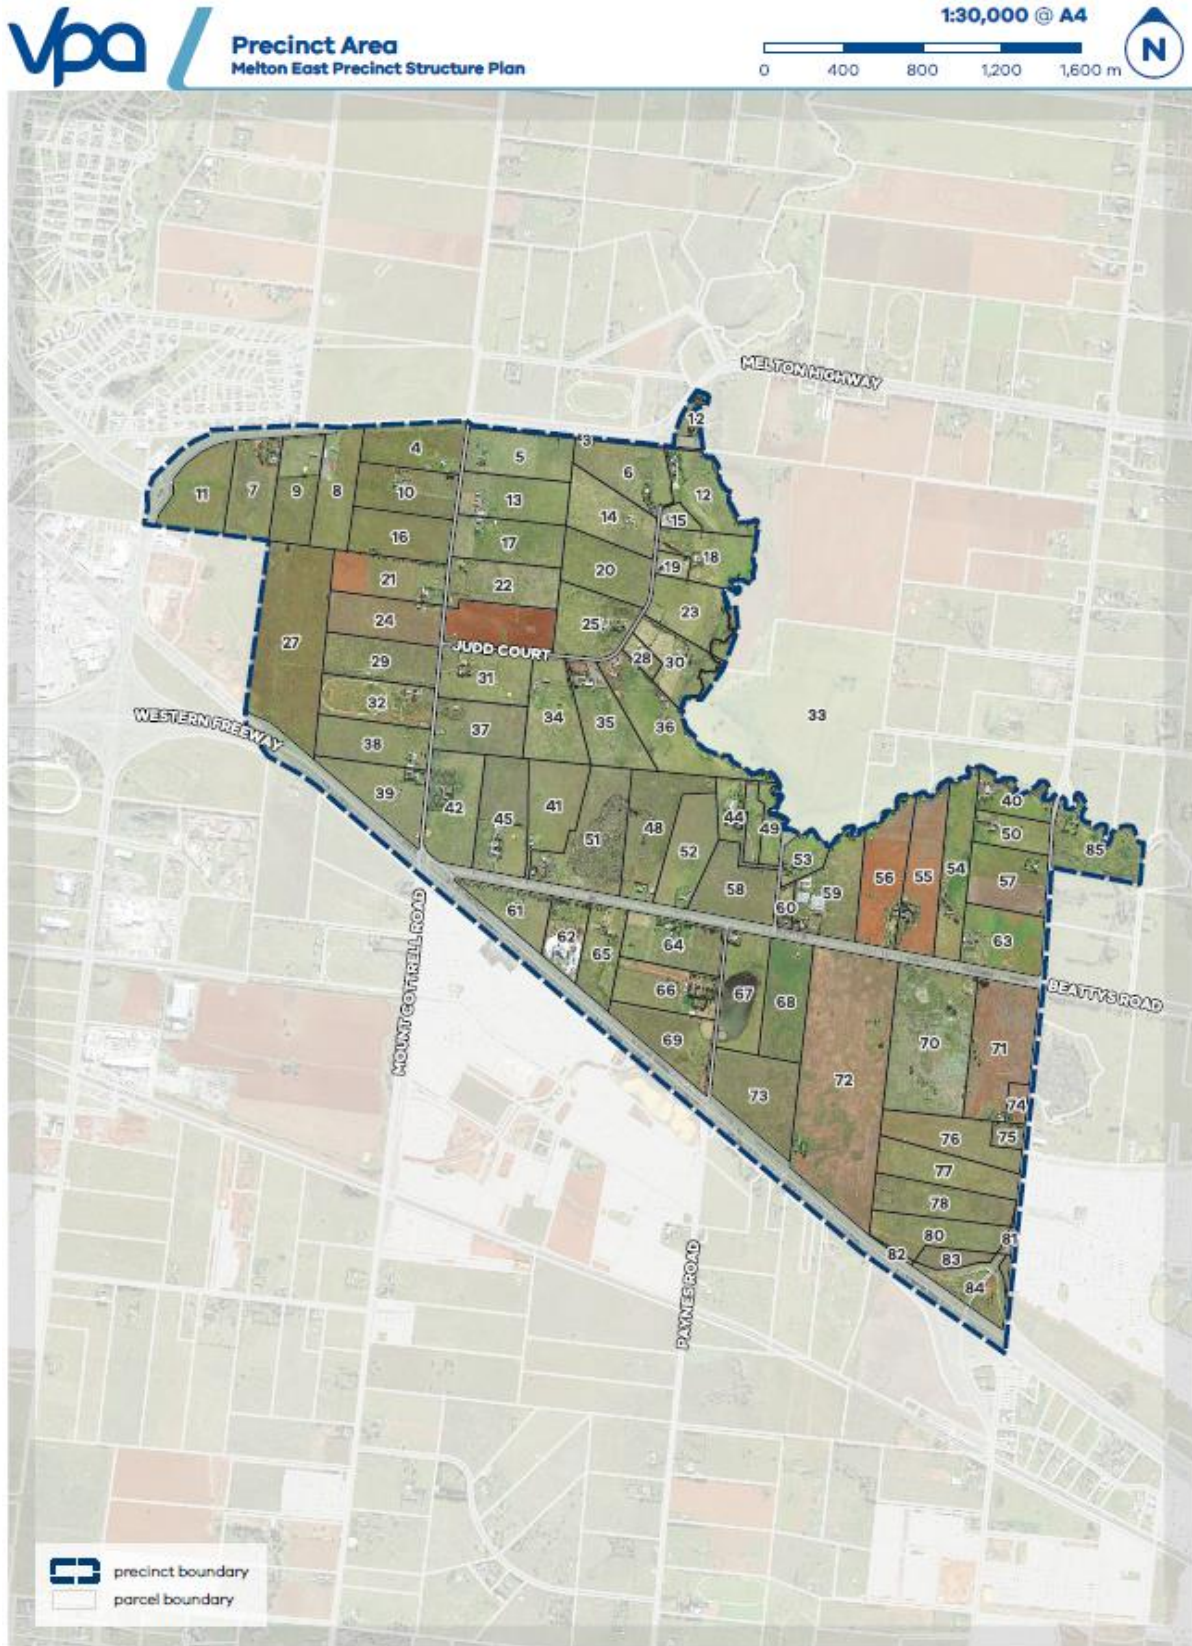

The Vision and Purpose workshop is a good opportunity to interface with other government stakeholders/landowners and get a broad understanding of the other issues faced within Melton East PSP. Any advice provided during the workshop will not be treated as a final, formal position unless otherwise specified. We encourage open, informative, and productive conversations.

4. PSP 2.0 Timelines

The below timeline provides a high-level overview of the broader Melton East PSP program.

Phase	Phase Name	Estimated Completion
1	Pre-Commencement (completed)	December 2021
2	Co-Design – Pitching sessions (completed)	March 2022
3	Co -Design – Vision and Purpose (current)	June 2022
4	Co-Design - Place Based Plan	October 2022
