Dear Investor,

A rental appraisal for the different configuration types in the Ravenswood area is detailed below. All prices are indicative based on the current market conditions and we only see the rental market strengthening leading into the latter half of 2024.

When assessing the rental value of a property, we consider many factors that assist in leasing the property promptly. This includes comparison of similar properties, both *for lease* and those that have recently *leased*, and market supply and demand. We also consider the features or inclusions that the property has to offer, such as air conditioning, appliances, rooms, parking, amenities, location etc.

We believe that properties in the Ravenswood suburb may achieve a rent return as outlined below:

4 bedrooms	2 bathroom	2 carpark	\$650 - \$690 per week
3 bedrooms	2 bathroom	2 carpark	\$540 - \$590 per week
