Turnkey Inclusions

Hattan's turnkey inclusions feature quality products and finishes, ensuring your home is something to treasure each time you step through the front door.

A turnkey house is one that is purchased at a fixed price and when completed is move-in ready with no additional inclusions or costs required. All you need to do is turn the key and move in.

A turn-key home might be off-the-plan, ready built, constructed on land you already own, or built as part of a house and land package. In any case, it's a hassle-free shortcut to a new home and an easy source of passive income should it be an investment property instead.

Hattan

Turnkey homes include all essential connections, like power, water and sewerage, plus basic living and utility essentials required for occupation.

- ✓ Full Turnkey
- ✓ Architectural Facade Design
- ✓ 2590mm Ceiling Height to Ground Floor
- ✓ Stone Benchtops Throughout
- ✓ Haier Kitchen Appliances

One of the most attractive features of buying a turnkey home is the saved time.

Your time is precious and the real estate market can be unpredictable. So having a home ready and waiting for inhabitants can be ideal. Plus, the hands-off approach means you will have a smooth and enjoyable building process from start to completion.

Even if you already manage other investment properties, turn key homes can help you diversify your portfolio. Having real estate ready to go means you can start earning income instantly.

The Hattan expert design team have created a contemporary, livable & stunning array of home designs, facades & colour schemes with maximum rental returns and capital gains in mind.
